Tool List for the Finial Box woodturning project

These are the tools that I used to make the Finial Box in the Demonstration:

1/16" Parting Tool
3/8" Beading and Parting Tool
3/8" 40/40 Bowl Gouge
3/4" Arc Negative Rake Scraper
1/8" Parting Tool
General Brand Vernier Caliper (for scribing)
3/8" Ray Key Signature Gouge
1/2" Square Recess Scraper
3/8" Finial Gouge
1/4" Vortex Tool
1/4" Pyramid Tool
1/2" 50/50 Negative Rake Scraper
1/2" Hook Scraper
Figure 8 Caliper (for wall thickness)
Depth Gauge

Please note: It is not necessary to have all of these tools to make this project! These are what I used, but it is possible to make this box without owning all of these tools.

Most of these tools (and more) are available on my website, cindydrozda.com. The rest of them can be found at other woodturning tool suppliers.
